THE STATE OF NEW HAMPSHIRE
DEPARTMENT OF TRANSPORTATION

New Hampshire DOT
Department of Transportation

CHRISTOPHER D. CLEMENT, SR.
COMMISSIONER

JEFF BRILLHART, P.E.
ASSISTANT COMMISSIONER

Bureau of Construction
October 29, 2012

His Excellency, Governor John H. Lynch
and the Honorable Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

Authorize the Department of Transportation to enter into a contract with Beck & Bellucci, Inc. (Vendor 160421) of Franklin, NH on the basis of a low bid of $1,572,548.18 for bridge rehabilitation on NH Route 11 over the Blackwater River in the town of Andover, from the date of Governor and Council approval through October 25, 2013 unless extended by the Department in accordance with the Standard Specifications. 100% Federal Funds.

Funding is available as follows:	FY 2013
04-96-96-963515-3054	
Consolidated Federal Aid	
400-500870 Highway Contract Payments	$1,572,548.18

EXPLANATION

The work on this red list bridge involves replacing the bridge superstructure (deck and girders) and rehabilitating the substructure (abutment, piers, and bridge shoes). The project also involves extended northerly approach work to remedy drainage problems. This red list bridge is listed as #73 on the Department's bridge priority list. The deck is in poor condition while the superstructure is satisfactory. Analysis indicates it is more cost effective to replace the structural steel rather than to repair and paint it. A large boulder restricts the waterway opening and will be removed as part of this project and additional scour counter measures will be constructed at the piers.

The Contractor has been prequalified by this Department. The Contract has been approved by the Attorney General as to form and execution, and the Department has certified that the necessary funds are available. Copies of the fully executed contract are on file at the Secretary of State's Office and the Department of Administrative Service's Office, and subsequent to Governor and Council approval will be on file at the Department of Transportation.

This project funding is 80% federal funds with 20% state match. Turnpike toll credit is being utilized for match requirements, effectively using 100% federal funds.

A copy of the Tabulation of Bids received for this project is attached along with the Contract Supplemental Sheet and a map indicating the location of the project.

Sincerely,

Christopher D. Clement, Sr.
Commissioner

CDC/md

Department Estimate:	$2,290,278.60
Contract Amount:	$1,572,548.18
Under Estimate:	$ 717,730.42

PROJECT: **ANDOVER**

STATE NO: **15901**

DATE: **9-18-12**

SUPPLEMENTAL PROJECT INFORMATION SHEET

DESCRIPTION: The project encompasses the rehabilitation of bridge no. 050/093 which carries NH Route 11 over the Blackwater River. This bridge rehabilitation includes completely replacing the superstructure (deck and girders) and rehabilitating the substructure (abutments, piers and bridge shoes). The project also includes approach work (approximately 500-ft north of the bridge and 300-ft south of the bridge). The northerly-extended approach work is needed to remedy drainage deficiencies in the profile. Also included is scour mitigation countermeasures consisting of partially grouted rip-rap to address potential scour issues with the existing pier's spread footing.

FEDERAL FUNDING: 80% federal funding and anticipated utilization of Turnpike Toll credits as the State's 20% match.

PROJECT INITIATED: State's Transportation Improvement Program and Bridge Priority List for red listed bridges.

PROJECT EXPLANATION: This project was initiated primary due to the bridge being listed as 73 on the States Red List. The deck is in poor condition while the superstructure is satisfactory. Analysis indicated it was more cost effective to replace the structural steel rather than to repair and paint it. A large boulder restricts the waterway opening and will be removed as part of this project as well as providing additional scour counter measures.

TRAFFIC IMPLICATIONS: The bridge rehabilitation work will be performed in two phases, while maintaining traffic. Phase I will be alternation one-way traffic, while Phase two will provide two-way traffic.

1. Phase 1 - one 11'-6" lanes with a 1'-0" shoulder (total width 12'-6" curb to barrier).
2. Phase 2 - two 11'-1" lanes with a 6" shoulder. (total width 22'-8" curb to barrier).

COMPLETION DATE: The completion date for this project is **October 25, 2013.**

CERTIFICATE OF LIABILITY INSURANCE

DATE (MM/DD/YYYY) 10/27/2012

THIS CERTIFICATE IS ISSUED AS A MATTER OF INFORMATION ONLY AND CONFERS NO RIGHTS UPON THE CERTIFICATE HOLDER. THIS CERTIFICATE DOES NOT AFFIRMATIVELY OR NEGATIVELY AMEND, EXTEND OR ALTER THE COVERAGE AFFORDED BY THE POLICIES BELOW. THIS CERTIFICATE OF INSURANCE DOES NOT CONSTITUTE A CONTRACT BETWEEN THE ISSUING INSURER(S), AUTHORIZED REPRESENTATIVE OR PRODUCER, AND THE CERTIFICATE HOLDER.

IMPORTANT: If the certificate holder is an ADDITIONAL INSURED, the policy(ies) must be endorsed. If SUBROGATION IS WAIVED, subject to the terms and conditions of the policy, certain policies may require an endorsement. A statement on this certificate does not confer rights to the certificate holder in lieu of such endorsement(s).
