Association of Cable Communicators Panel
Web 2.0 Today- An ACC Webinar
 Are blogs blasé? Is Secondlife a ghost town? Can a 140-character message on Twitter really make a difference? Is Facebook better than MySpace? Has anyone besides Wikipedia been successful with wikis? What is the state of Web 2.0 today, and how can cable communicators use it to tell the industry's story? Web 2.0 innovators will overview the social media landscape and explore ways that you can advance the cable industry online.
 Moderated by **Steve Jones**, Executive Director, Association of Cable Communicators
Paul Rodriguez, Director, Web Content, National Cable & Telecommunications Association (NCTA)
Mike Turk, Vice President, Industry Grassroots, National Cable & Telecommunications Association (NCTA)

NAMIC Panel

Change is Good: I Flipped the Switch!
 Individuals who have "flipped the switch" bring more to their current roles than linear career experiences. They bring diverse skill sets, experiences and backgrounds. How have they applied what they've learned in a different discipline or another line of business to their overall careers? Has "flipping the switch" been a hindrance or an asset for building a career? Learn how some of the industry's most successful professionals have amalgamated themselves into consummate leaders.

3:00pm - 4:00pm
Women in Cable Telecommunications
Womenomics: Women Mean Business
 A woman's perspective is vital to an organizations growth and prosperity. Presently and historically, women have been major forces on the impact of cultural, educational, familial, institutional and political influence. Research presented by E&Y at the World Economic Forum shows that companies with more women leaders make more money. Women make a difference...
