Attached hereto is a Petition for a hearing on an alteration to the NH 140 Intersection with South Road and Jamestown Road in the Town of Belmont.

Since the Petition is not for the limitation or control of access, a Commission should be appointed to hold a hearing, and, if the necessity is found, to layout the new highway at this location.

This project is included in the State's Ten Year Transportation Plan. The purpose of the project is to construct safety improvements to the NH 140 Intersection with South Road and Jamestown Road in the Town of Belmont and will require the acquisition of some right-of-way. No building acquisitions are required.

The suggested Commission Members were discussed with Executive Councilor Colin Van Ostern on February 5, 2013.
