The selected individual will work as a liaison between the Department, the regional school improvement facilitators, and districts and schools. Priority of direct support will be given to districts in corrective action, schools that are School In Need of Improvement (SINI) year four or higher and schools that are on the State Persistently Lowest-Achieving (PLA) list. Broad support to all districts and schools in improvement or at risk of becoming in need of improvement will also be provided by the selected individual. This individual will work with the districts and schools based on their particular needs throughout the improvement plan development and implementation.

Robert Hanson has a Master's Degree from Notre Dame College, Manchester (1997) and Bachelor's Degree from Florida Atlantic University, Boca Raton, FL (1990). He has served as a Principal, School Improvement Leadership Coach/Consultant for the DOE, and most recently as a Curriculum Coordinator for the Pittsfield School District. During his term as a School Improvement Leadership Coach/Consultant for the DOE, feedback from the field was very positive.

The Department of Education would like to contract with Robert Hanson once again. His extensive knowledge and experience in the field has been a true asset in the past to both the Department and the schools and districts with whom he has worked.

Only one proposal was submitted. It was reviewed by the Administrator for the Bureau of Integrated Programs. She strongly recommended the candidate.

Respectfully submitted,
