Who is running in my district?

Before a state or federal election, you can look at a sample ballot on the Secretary of State's website to find out who is running for office.

How do I register?

Before election day: Register at your town/city clerk's office OR at a local supervisors of the checklist meeting.

Contact your town/city clerk for the registration deadlines. Scan the QR code to find their contact info.

Election day: Register at your polling place.

Absentee: You may register by mail using the absentee process if you cannot submit an application in person because you are temporarily out of town or have a disability that prevents you from applying in person.

Once you are registered, request an absentee ballot from your clerk and return your completed ballot to them by mail (by 5:00pm on election day) or in person (by 5:00pm the day before the election).

You can register as a Democrat, Republican, or Undeclared voter.

At the polls

At check-in, show the ballot clerk your photo ID and announce your name and address if you are already registered.

The ballot clerk will hand you a blank ballot.

In the voting booth, vote for the candidates of your choice. Make sure you completely fill in the oval.

Exit the booth and place your ballot in the ballot-counting device (larger cities & towns) or hand it to the moderator to place in the ballot box (smaller towns).

Scan the code to find your polling location and hours.

Voting with disabilities

Every polling place in New Hampshire must be accessible to voters with disabilities.

Accessible Absentee

If you have a print disability (you cannot mark a paper ballot by hand), you can vote using an online accessible absentee ballot. This system allows you to complete your ballot on a computer, print it out and return it to your local clerk before an election. Contact your clerk for more information.

At the polls

Every polling place in New Hampshire has an accessible voting system known as "one4all". The tablet has touchscreen and audio settings that voters with disabilities can use to produce a marked ballot.

Your local election officials are your trusted source of information. Do not hesitate to ask them for help!
